Dear parent/carer,

Our school will be using Google Apps for Education for all pupils and staff. This permission form describes the tools and pupil responsibilities for using these services.

The following services are available to each pupil and hosted by Google as part of the school's online presence in Google Apps for Education:

Using these tools, pupils collaboratively create, edit and share files and websites for school related projects and communicate in a variety of ways with other pupils and members of staff.

These services are entirely online and available 24/7 from any Internet-connected computer. Examples of student use include showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

The school believes that use of the tools significantly adds to your child's educational experience.

As a school we set restrictions on use for pupils, depending on age, experience and maturity.

As part of the Google terms and conditions we are required to seek your permission for your child to have a Google Apps for Education account:

- -

Name of Pupil:

Class:

As the parent / carer of the above student / pupil, I agree to my child using the school using Google Apps for Education.

Parent / Carer name:

Parent / Carer signature:

Date:
